

Brisbane Woman Creativity Series.

How to create an interior vision, style & design for your home

Would you like to discover your sense of style and create a WOW factor in your home?

In this new and totally unique workshop, you'll discover:

- How to create your design vision and understand your own sense of style.
- The Interior Design process as practiced by the professionals.
- How to apply this process to your own home.
- How to use colour confidently and understand its psychology within your home.
- The latest local and international residential Interior Design trends.

Would you like to take one room from your home and develop a design that reflects your sense of style and personality? We can help you with this too!

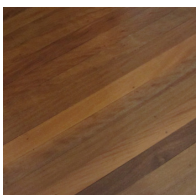

Investment: \$50 including 3 hour Interior Design workshop, scrumptious finger food and resource manual

Time: 6pm - 9pm

Date: Wednesday 11th November

Venue: The Pineapple Hotel, 706 Main Street, Kangaroo Point

Your tutor: Lisa Coulburn has over fifteen years of experience working as a professional Interior Designer on a broad range of projects from the UK to Europe, Asia and to Australia. As the founding director of ifdesign.com.au, a Brisbane based Interior Design consultancy, her company philosophy is to inspire, educate and empower her clients through design.

You'll need to bring:

- Pens, pencils and A4 notebooks.
- Photos of one room that you would like to design (including its current furniture).
- Photos or magazine cut-outs of any interiors, textures or colours that you like.
